

IEEE Signal Processing Society
Sustained Impact Paper Award

The IEEE Signal Processing Society Sustained Impact Paper Award shall honor the author(s) of a journal article of broad interest that has had sustained impact over many years on a subject related to the Society's technical scope.

2015	Ingemar J. Cox, Joe Kilian, F. Thomson Leighton and Talal Shamoan , for the paper entitled, <i>Secure Spread Spectrum Watermarking for Multimedia</i> , <i>IEEE Transactions on Image Processing</i> , Volume 6, Number 12, December 1997.
2014	Stephane G. Mallat and Zhifeng Zhang , for the paper entitled, <i>Matching Pursuits With Time-Frequency Dictionaries</i> , <i>IEEE Transactions on Signal Processing</i> , Volume 41, Number 12, December 1993.
